

**Artistic Dreams**  
International

**SPRING 2025**  
**@ PS-46**

Students from the after-school program experienced 80 minutes per week of art and cultural self-awareness. Artistic Dreams served a combination group of 3<sup>rd</sup>, 4<sup>th</sup>, and 5<sup>th</sup> graders.

### Artistic Dreams: Art & Cultural Self-Awareness Curriculum

Through this curriculum, students gain a foundational understanding of migration and its impact on both global history and their personal experiences. They engage in art projects that explore themes of migration and cultural identity. These creative activities not only support language development through bilingual instruction but also promote self-worth, cultural appreciation, and inclusion.

### ART MATERIALS

Art Materials were provided in each session by Artistic Dreams. With art supplies as familiar as watercolor and acrylic and completely new, such as textured papers, metallic paints and coffee!

Paper Collage Mural:  
"A beautiful Journey " displayed @Ps-46

### Mural: Our Beautiful Journey Migration Mural

Collaborative project. Multimedia, paper Collage. Shows how the Earth has evolved, as humans have traveled through it. Why do we move? What do we take on our journey? What can we learn on the journey? Who travels with us? These are the questions posed throughout the study of ADI curriculum, Art & Cultural Self-Awareness.
